- m. Independent Contractor. HP is an independent contractor in the performance under these Terms and neither HP nor any HP personnel are employees or agents of Customer. Nothing in these Terms will be construed as creating a joint venture, partnership or employment relationship between the parties, nor will either party have the right, power or authority to create any obligation or duty, express or implied, on behalf of the other.

**B. HP SOFTWARE LICENSE TERMS**

**1. LICENSE GRANT**

HP grants Customer a non-exclusive, non-transferable license to "Use", in object code form, the Version or Release of the HP Branded Software delivered from an HP accepted order. For purposes of these Terms, unless otherwise specified in the SLI, "Use" means to install, store, load, execute, and display one copy of the Software on one device at a time for Customer's internal business purposes. Customer's Use of such Software is subject to these license terms and the Use restrictions and authorizations and licensed locations for the Software specified in the SLI (the "Software License"). Usage terms for HP Branded Software specified in the SLI will not be materially more restrictive than the Use defined in this Section B.1. For non-HP Branded Software, the third party supplier's license terms and use restrictions found in the SLI will solely govern its use.

**2. OWNERSHIP**

This Software License confers no title or ownership and is not a sale of any rights in the Software. Third-party suppliers are intended beneficiaries under these Terms and independently may protect their rights in the Software in the event of any infringement. All rights not expressly granted to Customer are reserved solely to HP or its suppliers.

3. ACCEPTANCE

Customer accepts Software upon delivery.

4. UPGRADES

Software Versions or maintenance updates, if available, may be ordered separately or may be available through Software Support. HP reserves the right to require additional licenses and fees for Software Versions or separately purchased maintenance updates or for Use of the Software in conjunction with upgraded Hardware or Software. When Customer obtains a license for a new Software Version through Software Support or purchases an upgrade license to a new Version, Customer's Software License for the earlier Version shall terminate. Software Versions are subject to the license terms in effect on the date that HP delivers or makes the Version available to Customer.

5. LICENSE RESTRICTIONS

- a. Use Restrictions. Customer may not exceed the number of licenses, agents, tiers, nodes, seats, or other Use restrictions or authorizations agreed to and paid for by Customer. Some Software may require license keys or contain other technical protection measures. Customer acknowledges that HP may monitor Customer's compliance with Use restrictions and authorizations remotely, or otherwise. If HP makes a license management program available which records and reports license usage information, Customer agrees to appropriately install, configure and execute such license management program beginning no later than one hundred and eighty (180) days from the date it is made available to Customer and continuing for the period that the software is used.
- b. Copy and Adaptation. Unless otherwise permitted by HP, Customer may only make copies or adaptations of the Software for archival purposes or when copying or adaptation is an essential step in the authorized Use of the Software. If Customer makes a copy for backup purposes and installs such copy on a backup device, unless otherwise provided in the SLI, Customer may not operate such backup installation of the Software without paying an additional license fee, except in cases where the original device becomes inoperable. If a copy is activated on a backup device in response to failure of the original device, the Use on the backup device must be discontinued when the original or replacement device becomes operable. Customer may not copy the Software onto or otherwise Use or make it available on, to, or through any public or external distributed network. Licenses that allow Use over Customer's intranet require restricted access by authorized users only.
- c. Copyright Notice. Customer must reproduce all copyright notices that appear in or on the Software (including documentation) on all permitted copies or adaptations. Copies of documentation are limited to internal use.
- d. Designated System. Notwithstanding anything to the contrary herein, the Software License for certain Software, as identified in the SLI, is non-transferable and for use only on a computer system owned, controlled, or operated by or solely on behalf of Customer and may be further identified by HP by the combination of a unique number and a specific system type ("Designated System") and such license will terminate in the event of a change in either the system number or system type, an unauthorized relocation, or if the Designated System ceases to be within the possession or control of Customer.
- e. OS Software. Operating system Software may only be used when operating the associated Hardware in configurations as approved, sold, or subsequently upgraded by HP or an authorized HP business partner.
- f. Changes. Customer will not modify, reverse engineer, disassemble, decrypt, decompile, or make derivative works of the Software.  
  
Where Customer has other rights mandated under statute, Customer will provide HP with reasonably detailed information regarding any intended modifications, reverse engineering, disassembly, decryption, or decompilation and the purposes therefore.
- g. Use for Service Provision. Extending the Use of Software to any person or entity other than Customer as a function of providing services, (i.e.; making the Software available through a commercial timesharing or service bureau) must be authorized in writing by HP prior to such use and may require additional licenses and fees.
- h. Consultant Use and Access. Subject to the terms and conditions of this Agreement, Customer may permit a consultant or subcontractor to Use Software at the licensed location for the sole purpose of providing services to Customer. Customer will be responsible and directly liable to HP for consultants' compliance with this Agreement.

6. LICENSE TERM AND TERMINATION

The Software License granted Customer will be perpetual, provided however that HP may terminate the Software License upon notice for failure to comply with these Terms. Immediately upon termination of the Software License or upon expiration of any individual limited term license, Customer will destroy the Software and all copies of the Software subject to the termination or expiration or return them to HP. Customer shall remove and destroy or return to HP any copies of the Software that are merged into adaptations, except for individual pieces of data in Customer's database. Customer may retain one copy of the Software subsequent to termination solely for archival purposes only. At HP's request, Customer will certify in writing to HP that Customer has complied with these requirements.

**7. LICENSE TRANSFER**

Customer may not sublicense, assign, transfer, rent, or lease the Software or the Software License to any other party except as permitted in this section. Except as provided in sub-section B.6.d above, HP Branded Software licenses are transferable subject to HP's prior written authorization and payment to HP of any applicable fees or compliance with applicable third party terms. Upon transfer of the Software License Customer's rights under the License will terminate and Customer will immediately deliver the Software and all copies to the transferee. The transferee must agree in writing to the terms of the Software License, and, upon such agreement, the transferee will be considered the "Customer" for purposes of the license terms. Customer may transfer firmware only upon transfer of the associated Hardware.

**8. U.S. FEDERAL GOVERNMENT USE**

If the Software is licensed for use in the performance of a U.S. Government prime contract or subcontract, Customer agrees that, consistent with FAR 12.211 and 12.212, commercial computer Software, computer Software documentation and technical data for commercial items are licensed under HP's standard commercial license.

**9. COMPLIANCE**

Customer agrees that HP may audit Customer's compliance with the Software License terms. Any such audit would be at HP's expense, require reasonable notice, and would be performed during normal business hours. If an audit reveals underpayments then Customer will immediately pay HP such underpayments together with the costs reasonably incurred by HP in connection with the audit and seeking compliance with this sub-section.

**10. WARRANTY**

HP Branded Software will materially conform to its Specifications. If a warranty period is not specified for HP Branded Software, the warranty period will be ninety (90) days from the delivery date.

**11. VIRUS WARRANTY**

HP warrants that any physical media containing HP Branded Software will be shipped free of viruses.

**12. WARRANTY LIMITATION**

HP does not warrant that the operation of Software will be uninterrupted or error free, or that Software will operate in Hardware and Software combinations other than as expressly required by HP in the Product Specifications or that Software will meet requirements specified by Customer.

**13. EXCLUSIVE REMEDIES**

If notified of a valid warranty claim during the warranty period, HP will, at its option, correct the warranty defect for HP Branded Software, or replace such Software. If HP is unable, within a reasonable time, to complete the correction, or replace such Software, Customer will be entitled to a refund of the purchase price paid upon prompt return of such Software to HP. Customer will pay expenses for return of such Software to HP unless prohibited by local law. HP will pay expenses for shipment of repaired or replacement Software to Customer. This sub-section B.13 states HP's entire liability for warranty claims.
